Western Kraft Corporation

Albany, Oregon

A VITAL SEGMENT OF THE ALBANY ECONOMY

The Western Kraft plant is located on a 100 acre tract about $3\frac{1}{2}$ miles north of Albany, Oregon. This area was selected primarily because of its central location in relation to the supply of wood chips from the surrounding timber areas. The plant is designed for the production of quality paper board from virgin douglas fir that was formerly burned and products are utilized in the manufacture of paper boxes.

OUT OF BUSINESS**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product will slip into the limbo of the forgotten, if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

OUT OF SIGHT-OUT OF MIND

OUT OF BUSINESS

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product will slip in the limbo of the forgotten, if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

THE CITY DIRECTORY

A Real
Necessity
in Every
Office

The Modern Up-to-Date Method
of Getting Accurate Information Quickly

A time Saver... A Money Maker for Every Business
Let Us Show You How

DON'T USE AN OLD DIRECTORY

One Address taken from an old Directory may send you miles out of the way and waste a whole day's time. You take pride in keeping a fresh stock of merchandise on your shelves. . . .

**WHY NOT AVAIL YOURSELF OF
FRESH INFORMATION FOR YOUR DAILY USE**

Use Our Library Of Out-Of-Town City Directories

A complete library of out-of-town City Directories is maintained especially for the reference use of our subscribers. We invite you to consult this library of up-to-date Directories when in need of names, addresses, and other information about firms and individuals in other Cities.

**This is A Part Of Our Service
To Local City Directory Users.**

PLEASE

Do Not Lend Your
CITY DIRECTORY

IT COSTS YOU MONEY

Every Time It Is Loaned

The practice of lending your City Directory, in a great measure is responsible for the increasing cost of Directory Service.

The reason is. . . .

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS-BE THEY ONE - OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY - THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS - each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS - each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers - the LESSER the cost to each.

and. . . .

It is also obvious that the LESSER the number of subscribers - the GREATER the cost to each.:

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

OUT OF SIGHT-OUT OF MIND OUT OF BUSINESS

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product will slip in the limbo of the forgotten, if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.
