# I AM

I sit in the castles of business and at the hearthstones of many homes, mighty in my power to serve.

Through me is the power to make people talk with intelligence concerning their communities.

With extended hand I guide the wearied traveler, and to others shorten the distances between destinations.

In me abides the essence of democracy, as side by side is found all nationalities, rich and poor alike.

With uncanny certainty I unite long-lost friends and make glad the missing heirs.

Through me are protected the law-abiding by tracing the criminal to his hiding place.

Through me, in the friendliest way, new trade channels are opened.

I am the key that unlocks the gate to what your community is, for all who would pass its portals.

## A VITAL SEGMENT OF THE ALBANY ECONOMY

The Western Kraft plant is located on a 100 acre tract about  $3\frac{1}{2}$  miles north of Albany, Oregon. This area was selected primarily because of its central location in relation to the supply of wood chips from the surrounding timber areas. The plant is designed for the production of quality paper board from virgin douglas fir that was formerly burned and products are utilized in the manufacture of paper boxes.

**A SECRET  
FOR MANY  
SUCCESSFUL YEARS**

**that we would like  
to share  
with you. . . . .**

Whether you are the President of a Large Corporation, the Owner of a One Man Business, or an Employee who wants to GET AHEAD, the Application of the Formula explained herein will mean a Richer and a Fuller Life for you.

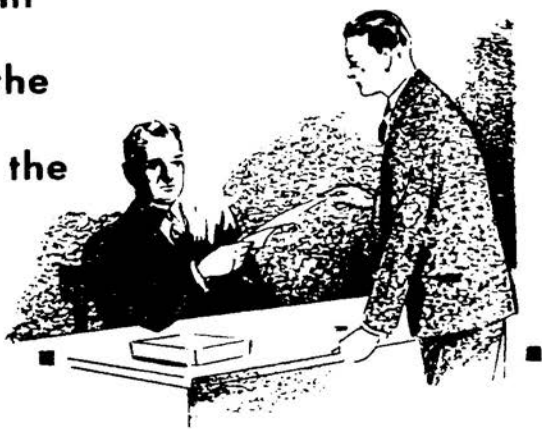

There's one  
sure-fire stimulant  
to our economy that can be  
applied immediately  
and without legislation.  
It's an old-fashioned remedy  
that no economist can argue with.  
It's spelled  
w-o-r-k!  
Instead of balm from  
Washington  
how about this:  
If you usually visit  
ten customers a day,  
visit twelve.  
If you ordinarily make  
two new business contacts  
a day, make four.  
And how about working  
right through lunch hour  
a couple of times a week  
with a sandwich at the desk!  
No matter what your job,  
if you get cracking  
and do *more and better* work,  
you can help make each year  
better and more  
satisfying.  
As any schoolboy coming out of a  
doctor's office knows -  
*a shot in the arm  
begins with a rolled-up sleeve!*

## To Think About

### *For the Advertiser and the Consumer*

**D**O YOU REALIZE that an Advertisement in the City Directory is a Testimonial to the Permanency and Stability of the Advertiser?

A City Directory Advertiser is the logical one to patronize. This permanency and stability is your assurance of a square deal in buying merchandise or having work done.

"FLY-BY-NIGHT," "FIRE SALE," "GET-RICH-QUICK," and other temporary concerns, rarely appear, or advertise, in the City Directory.

It is a noteworthy fact that 90% of the City Directory Advertising is renewed from issue to issue.

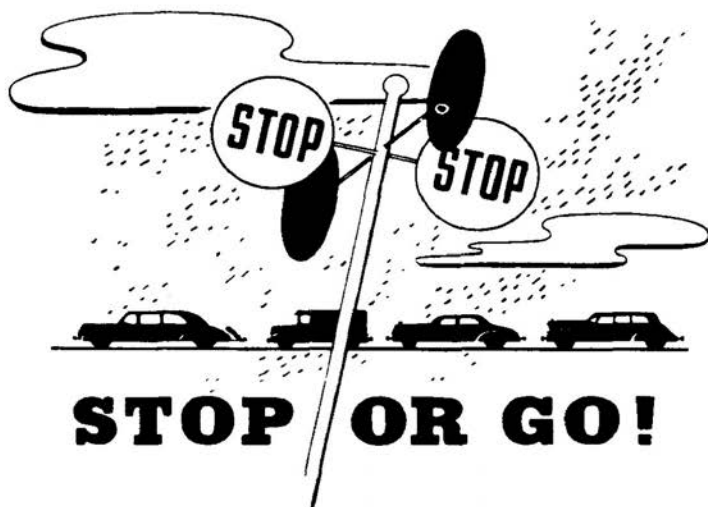

There are dominant factors connected with City Directory Advertising: first, the low cost and staple publicity it affords, locally and nationally; second, this co-operation and patronage is wholly responsible for the very existence of the City Directory.

The modern City Directory is a wonderful asset, credit and benefit to the community it represents. In turn, that which benefits the community, automatically benefits the Advertiser.

Judicious Advertising is always a good investment, and City Directory Advertising, cost considered, renders larger returns than any other medium. In connection with the complete Classified Business section, it is doubly effective.

While we have offered you "Something to Think About," it is also Something Worth Remembering.

**STOP OR GO!**

Red means Stop—Green means Go. Your ad in the Directory is the Green signal to Go—and the results will be a Green light all along the way.

## **A Lasting Advertisement**

### **Insuring Maximum Coverage at Minimum Cost Is Now Available**

**City Directory Advertising lives as long as the book is current. It is readily at hand and can, through cross indexing of proper representation, be made easy to find and fully informative. Any business-man, desirous of effectively registering a service or produce, in such a manner as will form a permanent advertisement, owes it to himself and his business to be thoroughly informed on City Directory Advertising.**

**Your City Directory is not alone a local medium. By a system of distribution through nearly 500 City Directory Libraries, your advertisement takes on a national aspect. Send for descriptive Library Folder and Privilege Card.**

## *Reference Advertising*

**Advertising**—that is perpetual in mediums that have a permanent value.

**Advertising**—that protects and supplements all other forms of advertising that create desire.

**Advertising**—that directs the buyer when the need is imperative after the desire has been created.

**Advertising**—that by its permanence establishes confidence and stability.

**Advertising**—by which tomorrow's success is built on today's action.

*Your City Directory is  
one of these mediums*

## STRETCH YOUR "AD" DOLLARS

It isn't the cost — it's the ad coverage that counts and you get so much for so little when you advertise in the DIRECTORY.

**R** *for* BETTER BUSINESS

If your business is in a slump, we prescribe an ad in the DIRECTORY — it will bring results.

# Advertisers Who KNOW

That which makes any advertiser's approval worth while is the prominence he has attained in his particular line of work.

The advertisers in the Directory are competent judges on the subject of advertising mediums — the fact that they approve of Directory advertising is evidenced by their continued patronage.

*planning  
is important  
to success!*

Just as you plan your production schedule, so you must plan your advertising. The Directory will give you the most for the least ...include the Directory in your advertising program.
